

# Adrenplus-300

## Endocrine/Hormonal Support

### DESCRIPTION

Adrenplus-300, provided by Douglas Laboratories®, supplies the appropriate levels of vitamins and minerals needed for maintaining endocrine health.

### FUNCTIONS

Zinc is an essential trace element required for the activity of over 300 enzymes and is involved in most major metabolic pathways. Zinc participates not only in catalytic processes, but also in the structure and stability of some regulatory proteins. As co-enzymes, the B vitamins are essential components in most major metabolic reactions. They play an important role in energy production, including the metabolism of lipids, carbohydrates, and proteins. B vitamins are also important for blood cells, hormones, and nervous system function.

Vitamin B-6 is a co-enzyme in amino acid metabolism. Vitamin B-6 dependent enzymes are also needed for biosynthesis of many neurotransmitters, including serotonin, epinephrine, and norepinephrine.

Pantothenic acid is a component of co-enzyme A and phosphopantethine, and is therefore essential for Krebs's cycle operation. Thiamin and riboflavin are all essential co-enzymes in energy production. Riboflavin is a component of the coenzymes FAD and FMN, which are important in energy production and cellular respiration reactions. In addition to its role in collagen synthesis, Vitamin C participates in the biosynthesis of carnitine, serotonin, and certain neurotransmitters, including norepinephrine. Adrenplus-300 also contains

both adrenal and spleen glandular concentrated for additional endocrine and hormonal support.

### INDICATIONS

Adrenplus-300 may be a useful dietary supplement for individuals wishing to support endocrine and hormonal functions.

### FORMULA (#7221)

#### 2 Capsules Contains:

Vitamin C (with bioflavonoids) .....	300	mg
Vitamin B-5 (d-calcium pantothenate) .....	60	mg
Vitamin B-6.....	50	mg
Zinc (Aspartate complex).....	15	mg
Adrenal (concentrate).....	300	mg
Spleen (concentrate).....	50	mg
Vitamin B-1.....	3	mg
Vitamin B-2.....	1.5	mg
Vitamin A.....	5,000	I.U.

### SUGGESTED USE

Adults take 1-2 capsules daily or as directed by a physician.

### SIDE EFFECTS

No adverse side effects reported.

### HOW SUPPLIED

Supplied in bottles of 60 capsules.

### STORAGE

Store in a cool, dry place, away from direct light. Keep out of reach of children.
